Ideal for
electronics &
degreasing

Low moisture
residue

1 DESCRIPTION:

99.9% Pure Isopropyl Alcohol (IPA) – High-purity, fast-evaporating formula for powerful cleaning, degreasing, residue removal, and sanitising. Safe for electronics and moisture-sensitive equipment, leaving surfaces clean and streak-free.

2 CRITICAL SAFETY PRECAUTIONS-(MANDATORY)

Use only in well-ventilated areas to avoid inhaling vapors. Keep away from heat sources, sparks, and open flames as the product is highly flammable. Avoid direct contact with skin and eyes; wearing protective gloves (nitrile recommended) and eye protection is advised. This product is toxic if swallowed and must not be ingested. In case of ingestion, do not induce vomiting and seek immediate medical attention. High-purity IPA may cause severe skin dryness or irritation upon contact. Always store the product in a tightly closed container in a cool, dry place away from incompatible materials such as strong oxidizers.

3 DIRECTION FOR USE:

1. Surface Disinfection: Apply directly to a clean cloth or cotton pad. Wipe surface thoroughly and allow to air dry.
2. Electronics Cleaning: Dampen a lint-free cloth with isopropyl alcohol. Wipe components. Avoid excess moisture.
3. Degreasing: Apply directly or with a brush or swab. Wipe off loosened grime.
4. First Aid Use (diluted): Mix with sterile water to lower concentration before use on skin.

4 COMMON USAGE APPLICATIONS:

MEDICAL & FIRST AID: Disinfecting surfaces, tools, and minor wound cleansing (diluted as needed).
Household Cleaning: Removing sticky residues, polishing mirrors & glass.

5 WARNING

When handling chemicals, you must wear:

- FACE SHIELD
- RUBBER GLOVES
- FACE GLASSES
