

Amahle BLUE

99.9% ISOPROPYL ALCOHOL IPA

SUPER STRENGTH CLEANER & DISINFECTANT

1 DESCRIPTION

99.9% isopropyl alcohol (IPA) is a high-purity solvent primarily used for cleaning electronics, removing tough residues, and industrial degreasing. Because it evaporates almost instantly and contains negligible water, it is safe for moisture-sensitive components.

- **99.9% Pure IPA** – Professional-grade isopropyl alcohol for powerful cleaning, sanitising, and degreasing.
- **Fast Evaporating** – Leaves no residue and dries quickly for streak-free results.
- **Multi-Purpose Use** – Suitable for disinfecting surfaces, cleaning electronics, and removing grease or sticky residues.
- **High Quality** – Clear, additive-free formulation.
- **Available in Sizes** – Choose from 500ml, 1L, 5L and 100L containers.

2 DIRECTIONS FOR USE

- Apply a small amount to a clean cloth, swab, or pad.
- Wipe the target surface (electronics, glass, metal, non-porous plastics).
- Allow to evaporate completely; no rinsing is needed as it leaves minimal residue.

3 CRITICAL SAFETY PRECAUTIONS (MANDATORY)

- Use in well-ventilated areas to avoid inhaling vapors.
- Keep away from all heat sources, sparks, and open flames due to high flammability.
- Wear protective gloves and eye protection to avoid skin and eye contact.
- Do not ingest (toxic if swallowed).
- Store in a tightly closed container in a cool, dry place away from incompatible materials like strong oxidizers.
- **Skin Contact:** High-purity IPA can severely dry or irritate the skin. Wear protective gloves (nitrile is recommended).
- **Ingestion:** Highly toxic if swallowed. If ingested, do not induce vomiting and seek medical attention immediately.
- **Storage:** Keep in cool dry place.

Packed in:	1L, 2L and 5L
Cleaner Type:	Disinfectant/Cleaner
Model Name:	Iso99.9 – 99.9% Isopropyl
Model Number:	Iso99.9 – 99.9% Isopropyl

FLAMMABLE
HIGHLY FLAMMABLE
LIQUID AND VAPOR

CAUTION
USE WITH CARE

KEEP AWAY
FROM CHILDREN

**WARNING: HIGHLY FLAMMABLE. READ LABEL BEFORE USE.
FOR PROFESSIONAL AND INDUSTRIAL USE ONLY.**
